Nothing adds to the character of your neighborhood like a

**100% HARDIE™ HOME**

 **JamesHardie**  
Siding | Trim

## 100% committed to uncompromising performance

James Hardie invented fiber cement and continues to set the standard for siding and trim in durability and design diversity. 100% HARDIE™ homes feature James Hardie® siding and trim from top to bottom for the ultimate in performance and aesthetics.

- With a wide range of available styles, colors and textures, James Hardie siding and trim products work together to bring authentic character and timeless charm
- James Hardie siding and trim are uniquely Engineered for Climate® to withstand hot, humid conditions, blistering sun and more
- James Hardie siding provides superior dimensional stability to help protect against cracking
- Unlike wood, our unique formulation is non-combustible and highly resistant to damage from mold, rot and termites
- James Hardie siding and trim help reduce time and money spent on maintenance, allowing you to enjoy your weekends
- James Hardie offers a 30-year non-prorated, limited warranty for its siding and trim products.

*Unmatched performance. Unrivaled design options. Unprecedented peace of mind.*

## THAT'S 100% HARDIE

Make your next home a 100% HARDIE home.
